NEW YEAR, NEW VOICES

Hello, colleagues!

The FAST Program ended 2022 on a high note with **99% compliance** at the December 31st deadline! In addition, and to improve the participant experience, all Financial Foundations and FAST courses were updated with new voices.

The growth and success of the FAST program would not be possible without your participation and commitment to the University. Thank you!

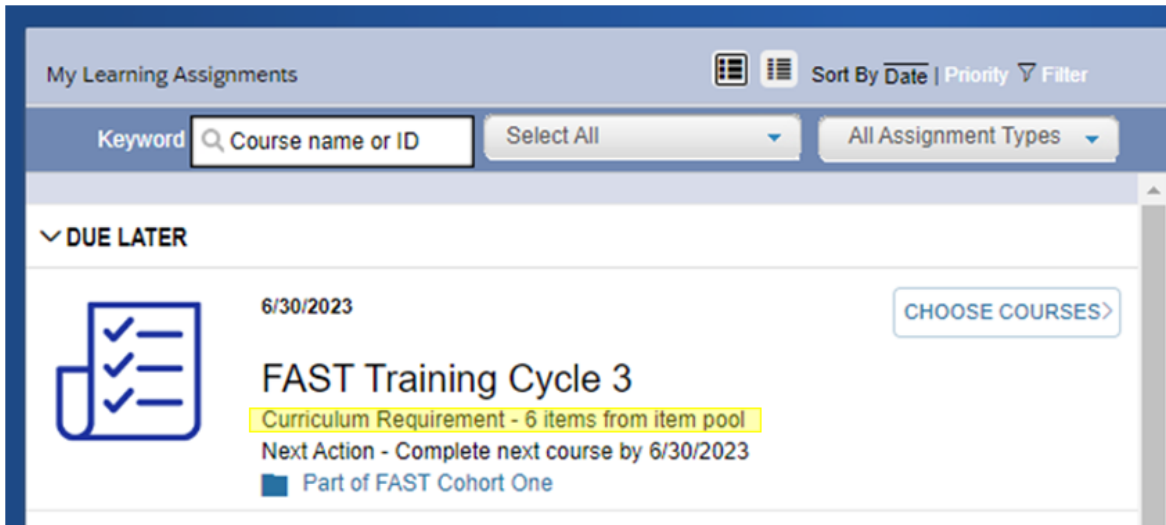

NEW ASSIGNMENTS

With the start of 2023, the FAST Program begins its next compliance cycle. New requirements have been added to all participants' Learning Plans where you'll now see "**Fast Training Cycle**" listed.

The FAST curriculum requirement shows a cumulative number of courses due that will increase by two (2) courses with each six-month training cycle.

For example, participants who have been in the program since spring 2022 are now in their third (3rd) cycle of two (2) unique courses due. They will see FAST Training Cycle 3 with a cumulative curriculum requirement of six (6) items due from the item pool.

Clicking on 'CHOOSE COURSES' will list the courses already completed and allow participants to add new courses to their Learning Plan. Please note, at this time, FAST courses cannot be repeated for credit toward the curriculum requirement.

Though the organization of the assignments has changed, the requirement of **two (2) unique courses per six-month training cycle (January 1 – June 30 and July 1 – December 31)** remains the same.

If you have any questions about your FAST assignments, please contact the FAST Team at fandatraining@uky.edu for assistance.
