

The end of a fiscal year marks the beginning of a new cycle for the FAST program. We would like to take a moment to welcome new participants and to acknowledge the efforts of on-going participants. Together, we continue to increase the impact of the program by consistently meeting completion goals in each bi-annual cycle.

Currently there are over **1,900 mandatory participants** in the FAST program. In addition, almost **1,300 UK employees** have taken at least one FAST course voluntarily.

These numbers reflect the combined efforts of participants, supervisors, business officers and leadership and a commitment to continuous improvement of business practices across the university.

Thank you for your role in these achievements!

NEW ASSIGNMENTS ADDED FOR FAST MANDATORY PARTICIPANTS

With the start of the new compliance period, FAST assignments have been added to myUK Learning for mandatory participants in the on-going FAST program.

Participants are required to complete two unique courses by December 31, 2023.
